First Year New Step For Frosh

New and exciting experiences characterized the freshman year.

StuCo sponsored freshmen initiation the day of the Marion basketball game, followed by a mixer in the evening.

Sewing a straight seam for the boys, coping with electrical wiring for the girls, and getting that first driver's license all were part of the freshmen year.

'77 Class Reaches Mid-point

The sophomores got a greater taste of freedom this year by choosing courses that appealed more to personal interest.

One bad highlight of the year was having approximately $80 of the class dues stolen from the treasurer's locker. The money was never recovered.

Class rings were ordered in the spring, giving the sophomores one long summer to anticipate receiving them.

The class planned for a spring party to provide some out-of-school fun.

Discussion Moves Site Of Banquet

The Juniors found themselves among the most active people in the school. Besides the classwork and studying, they were leaders both in clubs and in sports.

The traditional money-making project, selling magazines, raised over $3,200 for the Jr-Sr Banquet. This figure topped the record set by last year's juniors. Problems concerning the banquet involved one very big question. Where to have it? Tabor College refused to rent the cafeteria as in previous years, so much effort was spent looking for a new place. After much discussion, the Marion County Fair Barn was selected as the site for the Banquet.

Seniors Establish New Traditions

Seniors. For many, it was a year to let loose and enjoy the last carefree time before facing the future. For others, it was waking up and realizing that now they had enjoyed the other years too much and now they would have to settle down and work.

The Class of '75 worked together successfully on several major projects. For the first time in 10 years, the graduating class went on a senior trip. Almost 50 seniors went to Worlds of Fun in Kansas City for Grad Night. A chartered Winfield bus left the school at 7 p.m. Friday, May 9 and returned mid-morning on Saturday.

The class changed many of the traditions involving graduation, making the ceremony uniquely their own.

New Administration Pushes Bond

HHS students and patrons were faced with new ideas and changes in the form of a completely new administration. Dr. Schadt, district superintendant, and Dr. Nease, HHS principal, worked to achieve the best education for USD 410 students.

The School Board effectively pushed for a 1.04 million school bond. Committees spent the year formulating plans for the new school facilities. Remodeling work is to be completed for the 75-76 school year.

The counselor gave several tests to HHS students. Juniors took the PSAT and strong interest tests. Mr. Balzer arranged for the seniors to take both the ACT and CLEP tests He attended several workshops concerning educational funding.

SCHOOL BOARD: Wes Duerksen, Delmar Kaufman; Paul Lange; Dr. Delmer Reimer, pres.; Dr. Schadt, superintendent; Eli Suderman; Irv Schroeder; Dena Hawkins; Marilyn Schmidt, clerk.

Staff Members Help Out

All the cooks attended the State Cooks convention at Dodge City. The biggest problem they faced was doing the same amount of cooking while receiving fewer commodities from the state.

The janitors were kept busy doing the major clean-up work and working on several rejuvenating projects.

The library received several new pieces of equipment. Two new paperback racks, a magazine rack, a record player and a projection screen were all purchased. Approximately 300 new books and 100 paperbacks were added to the library.

Mrs. Day, office secretary, left after the third nine weeks. Mrs. Koch replaced her for the remainder of the year.

LOWER RIGHT: Darlene Goertz, school nurse. **LOWER LEFT:** Vicki Day, school secretary of the first 3 nine weeks. **LEFT:** School librarian Cynthia Canfield.

Math–Science—
Courses Develop Logical Thinking

Traditional math courses were offered this year. Mr. Auman taught all geometry classes and Algebra 0. Algebra I, II, and Senior Math (Trigonometry) were taught by Mr. Sextro.

New calculators and several new textbooks were purchased for the department.

The Advanced Algebra class went to Wichita West High School to observe and operate their computers.

Mr. Vanek, typing instructor, contributed a trapped raccoon and beaver to the Biology class for dissection. Frogs also went under the knife, as in other years. Biology students also studied laws of heredity by crossing fruit flies and visited the Micro Zoo in Abilene for their study on embryology.

"Crisis on Planet Earth," a new course, encouraged the students to think out and accept a life-style that harmonized with the natural world.

Business—

Commerce Dept. Adds Equipment

Office Machines and Secretarial Typing were two new courses offered by the business department, making the total number of business courses offered nine. Almost 150 students are enrolled in some area of the department.

Five new IBM transcribing units and an IBM selector-typewriter were equipment additions. The bookkeeping room was remodeled during the year by having the ceiling lowered and all the tables refinished.

Vocational Skills For Both Sexes

The vocationally geared classes received much new equipment in all the departments, allowing better work by the students.

Girls took better advantage of the shop classes this year. A girls industrial arts class was offered with 28 enrolled. Several girls took drafting and metals, sometimes proving to be more careful than the boys.

A new semester class on Electricity-Electronics was offered. Students spent time on both areas.

The Vo-Ag classes and the FFA club attended several contests thoughout the year.

Bachelors Acquire Survival Methods

Home Economics classes reached both sexes during the year. While the sewing and cooking classes were mostly girls, the special classes boasted the presence of several boys.

Marriage and Family class developed the idea of a person as he relates to himself and others. Members of this class and the Child Development class went to the Halstead Health museum.

Acquiring enough skills to survive without a mother or a maid was the purpose of Bachelor Survival.

Workshop, Speakers Spark AHG

American History and Government (AHG) taught courses from the past years but with new materials and new approaches.

The Death class visited Wichita's Downing Mortuary. Guest speakers presented their ideas on subjects ranging from euthenasia to faith healing, hypnosis, and abortion.

The Social Studies department sponsored a state-wide workshop to help other schools develop the learning packet system April 4. Over 40 teachers attended the workshop.

Thirty-two students attended the Foreign and Domestic Affairs Conference in Emporia. Several World History students attended the Model UN also at Emporia.

Physical Education—

Basic Skills, Team Sports Emphasized

The Girls P.E. classes concentrated on team sports and emphasized basic skills during the year. Ms. Cross attended a volleyball and basketball clinic in Topeka during the summer.

The Boys P.E. classes touched on 12 different sports and observed films on these various activities. Scooter football was a two week fun activity that didn't involve as much skill as other sports.

Fine Arts Influences Student Body

The band and vocal music departments presented concerts all during the year. The vocalists were kept busy during the Christmas season by working on the two Madrigal Dinners, and in turn the dinners involved the whole school in their production. Purchasing the $1200 speaker system enabled the music groups to use more soloists and sing for larger audiences.

Art shows were held after several music concerts. Students displayed work in a wide variety of mediums.

A new kiln made it possible for more students to work with ceramics. Batiking, oil painting, and macrame were other popular projects. Kites were made as spring fever hit the art department.

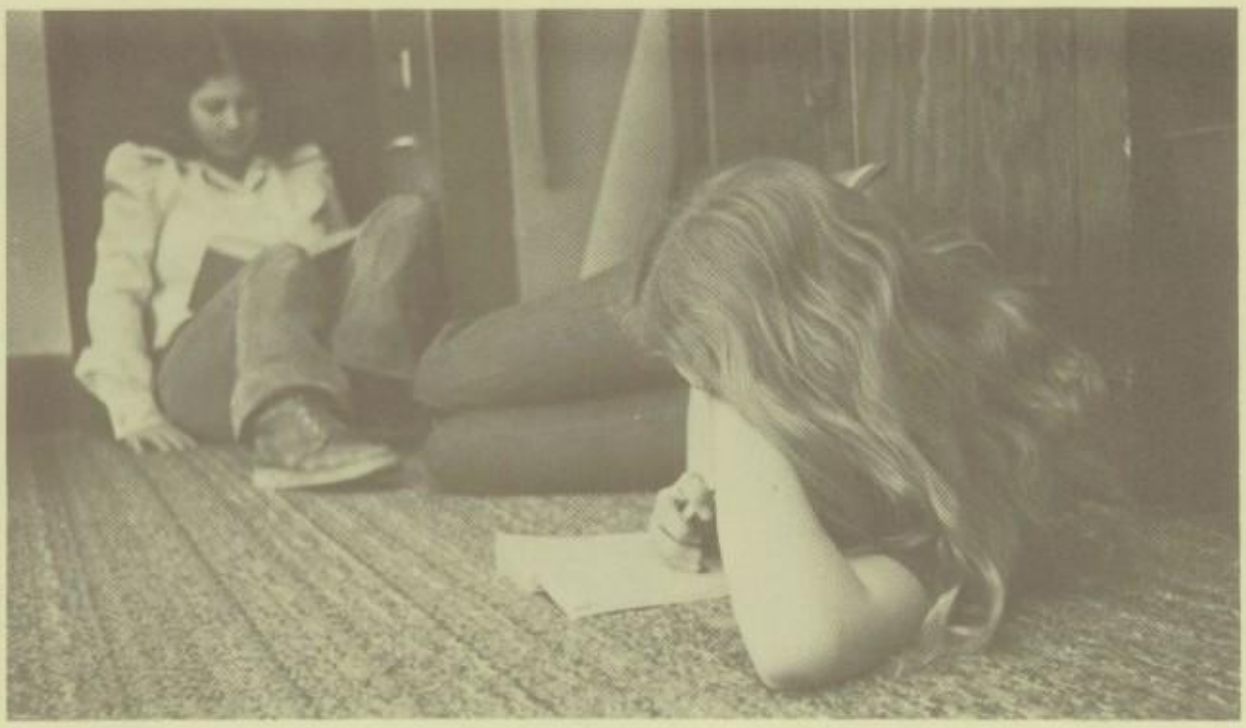
Languages Draw More Participants

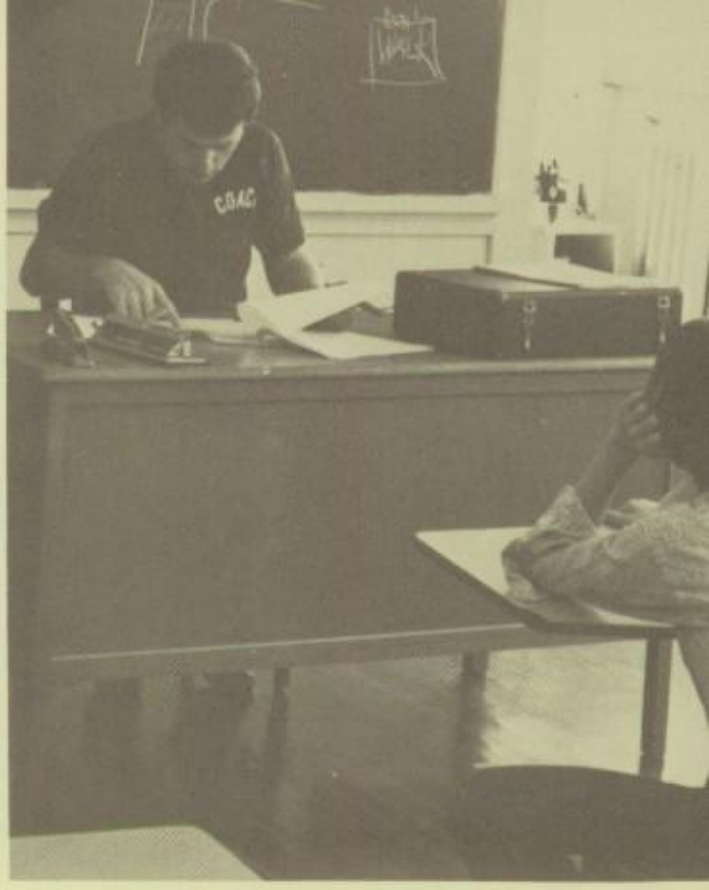
Forty-six students were involved in the Foreign Language department. Spanish I, German I and II were the only courses taught. Several students worked on an advanced level independently.

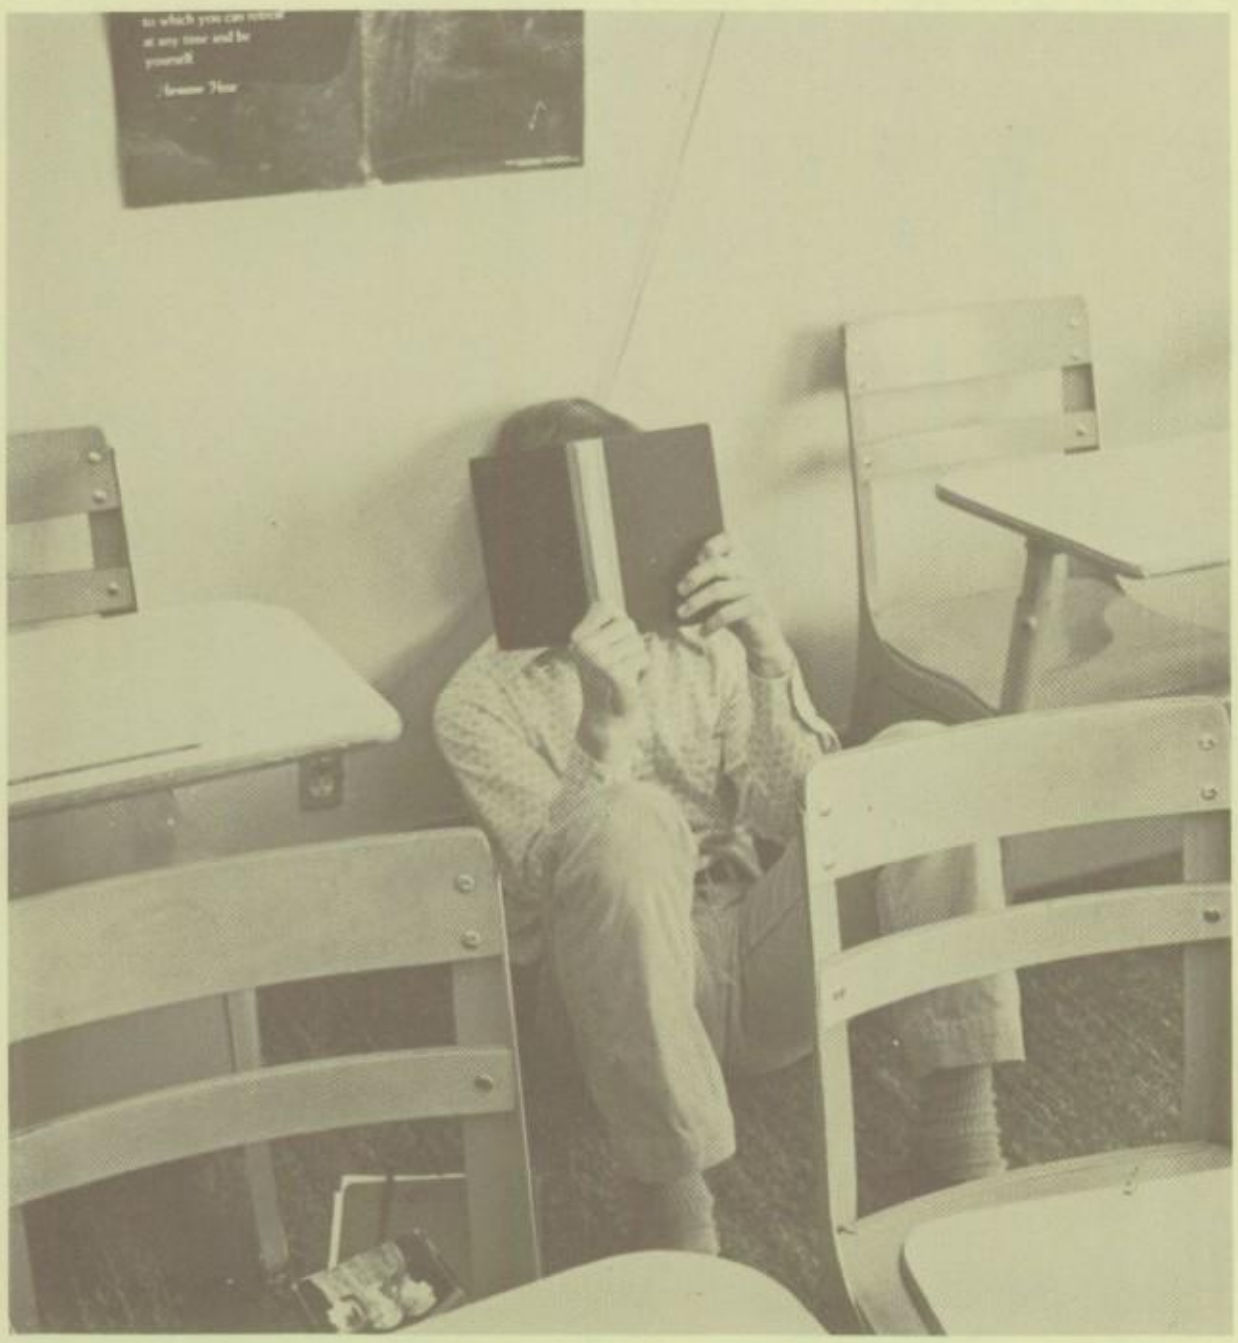
The classes devoted part of every week to "fun" things like singing, viewing films, and listening to speakers.

The Spanish class had a pinata party at Christmas, and later in the year went to a Mexican restaurant and movie.

Special German class activities were mainly carried out through the German Club.







English—

Radio Class Delves Into Real Thing

The English department became a more vocational department with the development of radio station KHHS.

Begun last year on a small scale, increased student interest allowed the station to expand. Army surplus equipment and the donated time of many students put KHHS on the air.

A complete new selection of literature courses were offered by the department. Many students took Mennonite Heritage, a course that coincided with the community's Mennonite Centennial celebration.

Young Members Gather Experience

The band spent most of the fall marching. The early homecoming forced the band to prepare a show in less than a month. Performances at the State Fair, Old Settler's Day, and Fort Hays Marching Band Contest rounded out their fall activities.

Three concerts, a winter, a pre-contest and pop concert, were scheduled during the year. The band ended their year by playing at the graduation excercises May 18. This was a first in high school history.

The band received a III rating at contest and a I for sight reading. The Clarinet Choir earned a II, and Nancy Jost was awarded a III for her saxaphone solo.

Vocalists Active During Busy Year

The Vocal music department performed at five concerts throughout the year and participated in the State Music contest April 4-5.

Early in the year, the Mixed Chorus sang at the Bethel College Fall Festival. February 23 the chorus presented a special Sunday morning sevice at the Ebenfeld MB church. All of the small ensembles sang at an evening service in the Durham Baptist Church early in February. Girls 12, 16, and the Mixed Ensemble all sang at various churches throughout the year. The Mixed Ensemble also performed in the Christmas Madrigal Dinners, at the Employer-Employee Banquet, and went on tour to several CVL schools in May.

The results at contest were: Women's Chorus, I; Men's Chorus, II; Mixed Chorus, II; Girls 12, II; Girls 16, I; Mixed Ensemble, I; Men's Ensemble, II; Lola Suderman, II; Jennifer Unruh, II; Carol Guhr, II; Clara Jost, I; Brad Jantz, I.

StuCo Moderates Student Concerns

StuCo members began planning the year even before it officially started. Several meetings were held during the summer months among both the officers and the new administration. The earliest homecoming in HHS history called for finalized plans before the first day of school.

The new administration brought new ideas to HHS, ideas that raised much student comment. At the beginning of the year, StuCo served as a moderator for gripes, doing their best to work out solutions to the problems.

At the request of the administration, StuCo helped push the school bond election. Posters, leaflets, and door to door canvassing helped support the issue.

Student Interest Originates New Club

Interested German students banded together early in the year to form the German Club. Designed to promote interest in Germany, the club had a first year membership of 23.

The club won the $20 first prize at the yearbook talent show with a humorous skit. Members sold candy as a money-making project.

Later in the year a field trip to Wichita let club members eat at a German restaurant and then view a German movie, **The Blue Angel**, at WSU.

Fifteen members of the German Club participated in a German Field Day at Emporia Kansas State College April 26. Several members entered poetry and prose competition.

Dr. Nease provided many valuable slides and pictures because of his teaching experience and travel in Germany.

Unity, Cooperation Highlight Year

The three cheerleading squads were active long before the first games of the season. Practices were held twice a week during the summer to learn basic cheers and skills. To pay for a 5-day camp at Rock Springs, the cheerleaders held a bake sale.

During the football season, an inter-club contest was sponsored for the best skit. H-Club won the $5 prize. The boys locker room was decorated for several home basketball games.

Squad members felt this was a good year for working together. Eydie Matz, varsity cheerleader, said, "We more or less got along even before we were cheerleaders. I feel this helped us get along so well. Coleen, even though she was head cheerleader, asked us to do things, she didn't tell us.

Sports Banquet Honors Year's Athletes, Coaches

Max Stratton, director of the Fellowship of Christian Sthletes, was the speaker for the third annual All-Sports Banquet May 12. H- Club provided the evening entertainment.

Mayor Wiebe presented Coach Hanson with the "Do-It" award in recognition of his five years coaching HHS athletics. H-Club also gave Coach Hanson a plaque in appreciation of his coaching.

Earlier in the year, H-Club sold ads for the football programs, attended the Jayhawk Classic at Kansas University, and sold stocking caps to raise money.

Team Support, Unity Pep Club Goal

Pep Club worked throughout the year to unify support behind HHS athletics. Hampered at times due to conflicts with the administration and hassles within the club, every effort was made to encourage the various teams.

Planning for Basketball Sweetheart occupied much of the winter. Money for homecoming was raised by selling flower bulbs. StuCo and Pep Club co-sponsored the homecoming mixer. Entertainment was a concert.

Pep Club membership at the beginning of the year was larger than any of the past three years. Lack of interest as the year progressed caused the membership to drop.

Future Farmers Qualify For Nationals

Team and individual scoring ranked the Hillsboro FFA Chapter high in most of the contests during the year.

Results at the state FFA contest gave the team of Lynn Bartel, Clyde Jost, and Joel Suderman first in the Poultry division. The same team also place second in Ag Mechanics and the whole team placed third in Agriculture Mechanics over-all. The first place Poultry win qualified the team for the national FFA contest next October in Kansas City.

Approximately 150 people attended the annual Parent-Son Banquet in March. Brad Trexler, former state FFA president, was the speaker. Herman Bolte, senior, was named chapter farmer of the year.

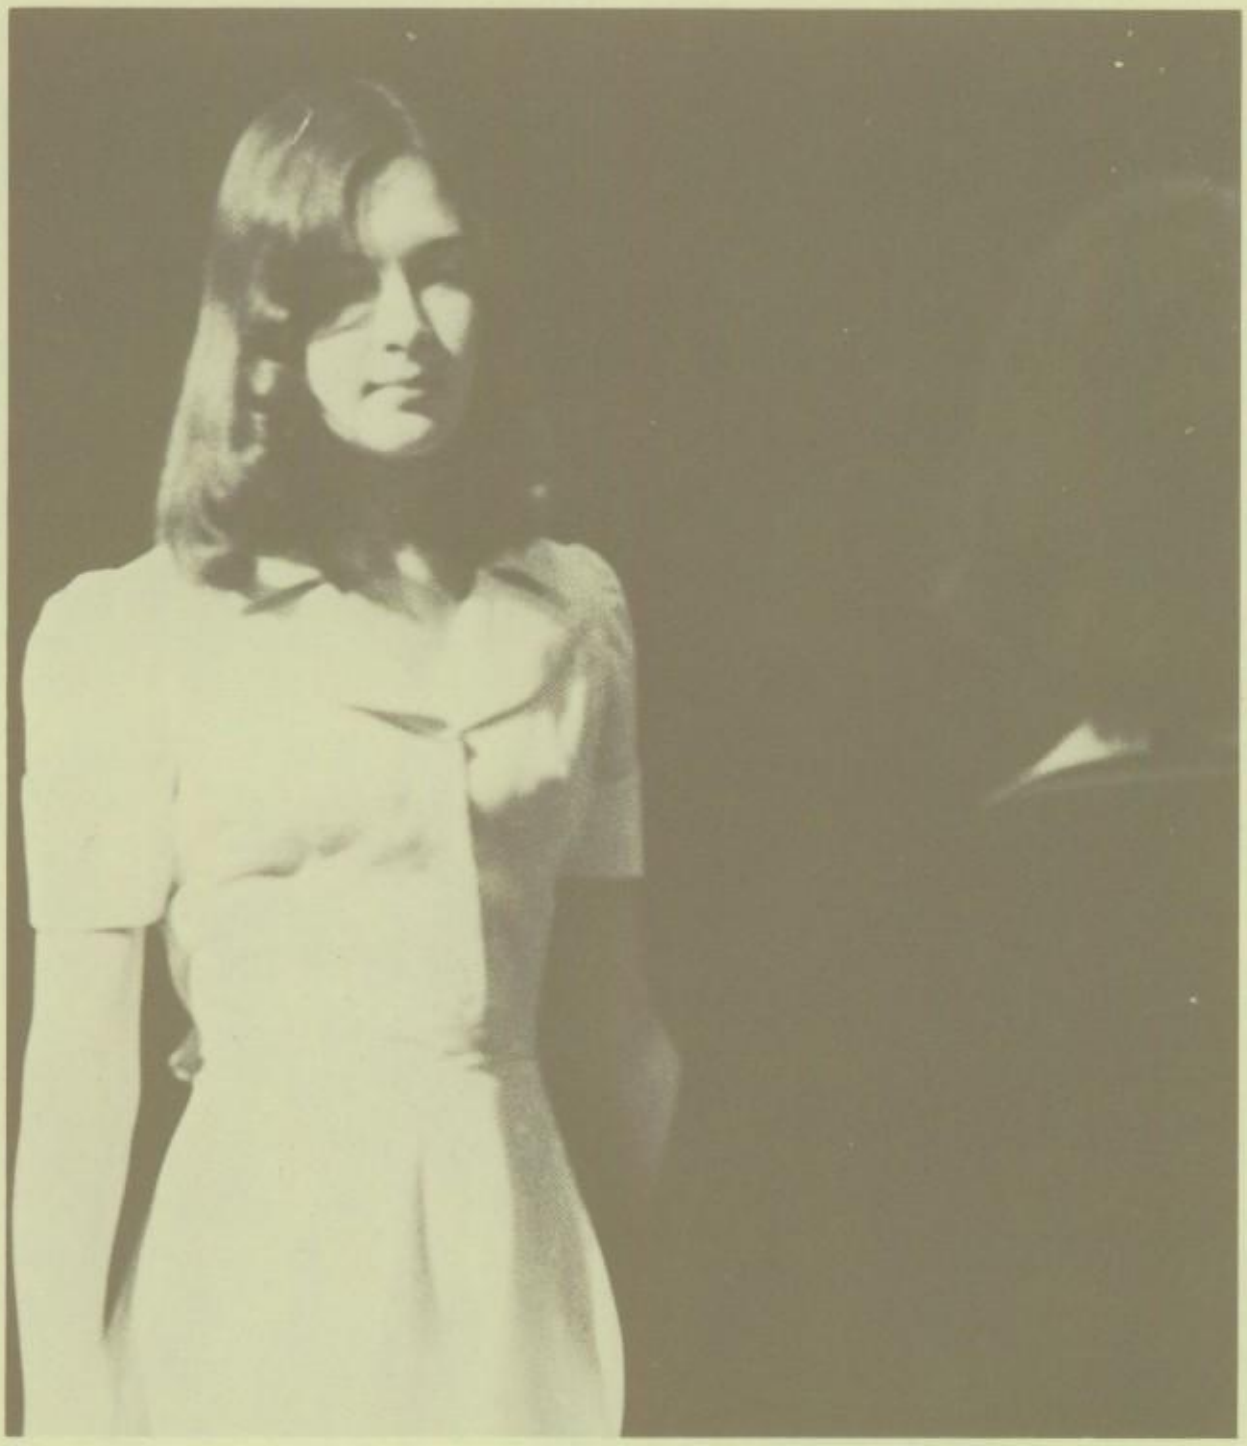
Work Creates Successful Style Show



The Future Homemakers of America expanded their field of interest through service projects, informative programs, and the spring style show production, the highlight of the year.

Special programs for the year included a visit to Parkside Homes and an outline of the K-State home economics program by two former HHS students. As a community service project, the FHA collected pledges for Cystic Fibrosis. The selling of Christmas greens was their only moneymaking effort.

Seventeen members attended the fall district conference at McPherson College. Both sponsors and four members attended the state meeting in Topeka.

"Sunshine, Lollipops, and Rainbows," was the theme for the annual Spring Style Show, April 22. Thirty-five members modeled outfits for the audience of 110. Four senior FFA members, Lynn Bartel, Herman Bolte, Clyde Jost, Joel Suderman, served as escorts for the show.

Group Operates Around Obstacles

The Key Club car wash in fall served as a moneymaking project. This money was funneled into their treasury for various activities.

One of their school projects, according to club president Randy Schroeder, was "controlling the traffic in the school parking lot and preventing major pile-ups."

Key Club had problems throughout the year due to conflicting meeting times and a lack of support from its parent club, Kiwanis.

Mr. Jensen, Key Club sponsor, was unable to actively support the organization because the club meetings were held during his scheduled glee club time.

Club's Aim Is Service

The Club interested new members at a Scavanger Hunt-sign up party early in the year.

Holidays caused many special activities both in school and out. Halloween cookies were sold before school and during third hour. Children in the community were taken trick-or-treating by Club members. At Christmas, The Club packed sacks of candy for Santa to hand out downtown. A White Elephant gift exchange served as a Christmas party.

Over $150 was raised in the Cerebral Palsy basketball score-a-thon. Spectators pledged an amount of money for each point scored during the game.

As spring approached, The Club held a salad party for their members. A car wash earned money for the treasury. To interest members for the next year, a wiener roast was held in May.

Because of programs introduced at meetings, some girls have adopted grandparents. Volunteers answer the hospital phone one night a week. Some also serve with the FISH program.

Staffs Concentrate On Hard Work

Staff dedication helped both the **Oracle** and **Trojan** over problems encountered during the year.

The **Oracle** became a bi-weekly paper instead of a monthly. This change caused financial problems. Various money-making projects. including the Intramural Darling Contest, helped with the publishing costs.

Yearbook and advertising sales reached an all-time high this year, allowing the staff to add 20 pages to the book and experiment with a full-color cover.

A highlight for the **Trojan** staff was touring the Josten's-American Yearbook plant in Topeka. This trip was to impress the importance of meeting deadlines on each staff member.

Club Holds Year Long Tournament

HHS's Chess Club was significantly smaller than last year's, yet the members took their playing seriously.

Instead of the fall and spring tournaments, the club sponsored only one contest that ran all year.

The casual competition provided a relaxed, informal atmosphere.

Kayettes Serve Community Functions

The Kayettes experienced a reshuffling of officers early in the year due to the StuCo point system. Lori Goertz replaced Coleen Hagen as club president.

The club earned special recognition for their work on the Arthritis drive. A citation was issued to the club and presented at a banquet.

Teacher appreciation was expressed at Valentine's Day in the form of special Valentines designed for each teacher.

Club members served at the Association for Retarded Children banquet.

As their only money-making project, the Kayettes sold chocolates to the student body.

Forensics Squad Consistantly Ranks

Forensics events ranked consistantly high throughout the season. Team members attended tournaments at Wichita Heights, El Dorado, Dodge City, Marion (CVL), Sterling College (Regionals), and the state contest in Emporia.

Four students qualified for the state meet. Patricia Ratzlaff earned a first division rating in prose interpretation. Daryl Kliewer received a second division rating for poetry interpretation. Debate Program Earns First Medal

A young debate squad participated in several meets during the year, gaining confidence and experience to add to next year's program.

The debate team of Ricki Wiebe and Jack Thouvenell brought home a medal from the Chapman debate tournament. The third place award is the first medal received by the debate program.

Activities

Early Homecoming Honors Marcia

Cloudy skies and a few sprinkles of rain early in the evening threatened to ruin one of HHS' earliest homecomings, but the weather cleared for the crowning ceremony at half time. Many spectators viewed this first game of the season, Sept. 20.

Marcia Wiens was crowned homecoming queen by her escort Gary Wohlgemuth. Her senior attendents and their escorts were Joanne Brucks and Clyde Jost, Trudy Ebel and Mike Brennen, Eydie Matz and Jerel Pankratz. Tanis Williams, daughter of the Jerry Williams, and Christopher Braun, son of the Jack Brauns', were Little Queen and King.

Following the game with Remington, StuCo sponsored the movie "Cool Hand Luke" and also furnished refreshments.

New Ideas Highlight BB Sweetheart

Sandi Klassen was crowned the 1975 Basketball Sweetheart by her escort, Gary Wohlgemuth, between games Feb. 21. Elton John's "Your Song" provided the crowning theme.

Her attendants and their escorts were Coleen Hagen and Robert Prieb, Clara Jost and Randy Schroeder, Brenda Klassen and Clyde Jost, LaVonne Schmidt and Gerald Ollenburger.

Traditions were changed for the crowning. Because only three seniors were on the basketball team, two seniors out for spring sports were picked as escorts. A flower wreath for the hair took the place of the traditional queen's crown. An instrumental ensemble provided special music

Pep Club and StuCo co-sponsored the mixer following the game. Saratoga, a rock band from Alma, provided the entertainment.

Adrift Stirs Enthusiasm

Under the direction of Lon Dormer, "Adrift in New York" or "Her First False Step", a gay 90's melodrama, was presented by the HHS drama department Nov. 21, 22, 23.

The cast of characters included sweet, innocent Nellie Weston, determined to become a great singer; her sweetheart Jack Merriwell, dumb but honest; Nellie's sister Martha, even dumber than Jack; Sarah Weston, Nellie's vinegary old-maid aunt whose knowledge of men was slightly distorted; Silas Weston, a proud, hard working farmer shamed by his beloved daughter; Francis Desmond, a villian bent on winning the heart of Nellie.

Nellie, in love with Francis Desmond, goes to New York at his insistance to become Mrs. Desmond and a great singer, in that order. Once in New York, Nellie is heartbroken to discover Francis is married, not to one woman, but several. In desperate need of a job, she goes to Dan Fogerty's establishment in the Bowery where she is hired as a singer. Jack rescues Nellie and convinces her to return home. Desmond has purchased the mortgage on the Weston farm, determined to get the oil located on the land. With the help of Jack Merriwell, the mortgage is paid off, Desmond is jailed for the criminal he is, and the melodrama ends on a happy note.

'Enter Laughing' Production Choice

"Enter Laughing", a comedy in two acts, was the choice for the all-school spring play. The cast, strongly made up of underclassmen, presented the play April 25 and 26.

David Kolowitz is a stage struck youth. He works in a sewing machine factory; his parents want him to become a druggist, while he has dreams of becoming an actor. Secretly, David joins an acting company and adopts the name Don R. Coleman. One problem he hadn't counted on was the poor quality of his acting. The story surrounds David's attempts to keep his two lives separate.

Approximately 300 people attended the two performances.

Unusual Staging, Colorful Costumes Add Elegence To Yuletide Madrigals

Elaborate costuming and a split stage were two unusual features of the third annual Madrigal Dinners held Dec. 7 and 14.

Preparation for the event began early in November. Mr. Jensen and several singers raided a drapery sale and bought enough material for all but two dresses. Girls sewed their own costumes while the boys were forced to wear last year's.

The thrust stage constructed for plays was put into use for the Dinners. Half the singers were seated on the regular while half were on the thrust stage. A raised runway the length of the gym allowed each Madrigal couple to be seen clearly during the processional.

Instrumentalists were added to the Madrigal portion of the evening. A guitar and two recorders accompanied several songs in addition to the strolling minstrels.

4-H Building Chosen For Banquet

The 4-H Building on the Marion County Fairgrounds was the site for the Junior-Senior Banquet May 3.

"We May Never Pass This Way Again" was the theme. The decorating committee spent long hours every night the week of the banquet Crepe paper streamers lowered the ceiling and cut down on the room's width. A large mural displaying the theme stretched the width of the building.

The catered meal consisted of ham, au gratin potatoes, green beans almondine, jello salad, and strawberry shortcake. Members of the sophomore class served.

Each senior was surprised during the banquet by viewing pictures of them taken throughout the years.

Entertainment following the banquet meal was the movie "Butch Cassidy and the Sundance Kid."

Windy Day Sets Apart Graduation

A strong Kansas wind forced many of the graduating seniors to receive their diplomas "uncapped" at the sixty-ninth commencement exercises May 18. The exercises marked a double first for HHS, the first time on the Tabor College football field and the first time with no baccalaureate service. Both were the direct result of class voting.

Senior soloists were vocalists Clara Jost, Jennifer Unruh, Brad Jantz and pianist Eydie Matz. The valedictorian, Debra Penner, and salutatorian, Lori Goertz, gave the welcome and farewell, while Joel Suderman, Joanne Brucks, Clyde Jost, and Ann Balzer spoke for the senior class.

After receiving their diplomas from Dr. Reimer, Dr. Schadt, and Dr. Nease, the seniors lined the front edge of the track to receive congratulations from relatives and friends.

Young Squad Produces Good Record

The 1974 edition of the Trojan football squad began the season with only four lettermen. In spite of the team's inexperience, a record identical to last year's was produced, 5-4 overall and a 3-4 league record.

The Trojans won their first two games against Assaria and the homecoming match against Remington. A 21-20 heart-breaking loss to Marion followed. The team bounced back to crush Centre 40-0, but lost the next two games. A surprise victory over Herington broke the losing string. The next game was a close loss to Chase County and the Trojans ended their '74 campaign with a non-league victory over Eureka.

Seven spots on the All-CVL squad were filled by Trojans. Two juniors were selected for the first team, Byron Lange at the halfback position and James Ens at defensive lineman. James was voted second team guard and Mike Brennan was second team defensive linebacker. Three Trojans received honorable mention commendations: Gary Wohlgemuth at end, Steve Reimer at quarterback, and Nate Loewen at safety. Byron Lange was selected the team's most valuable player.

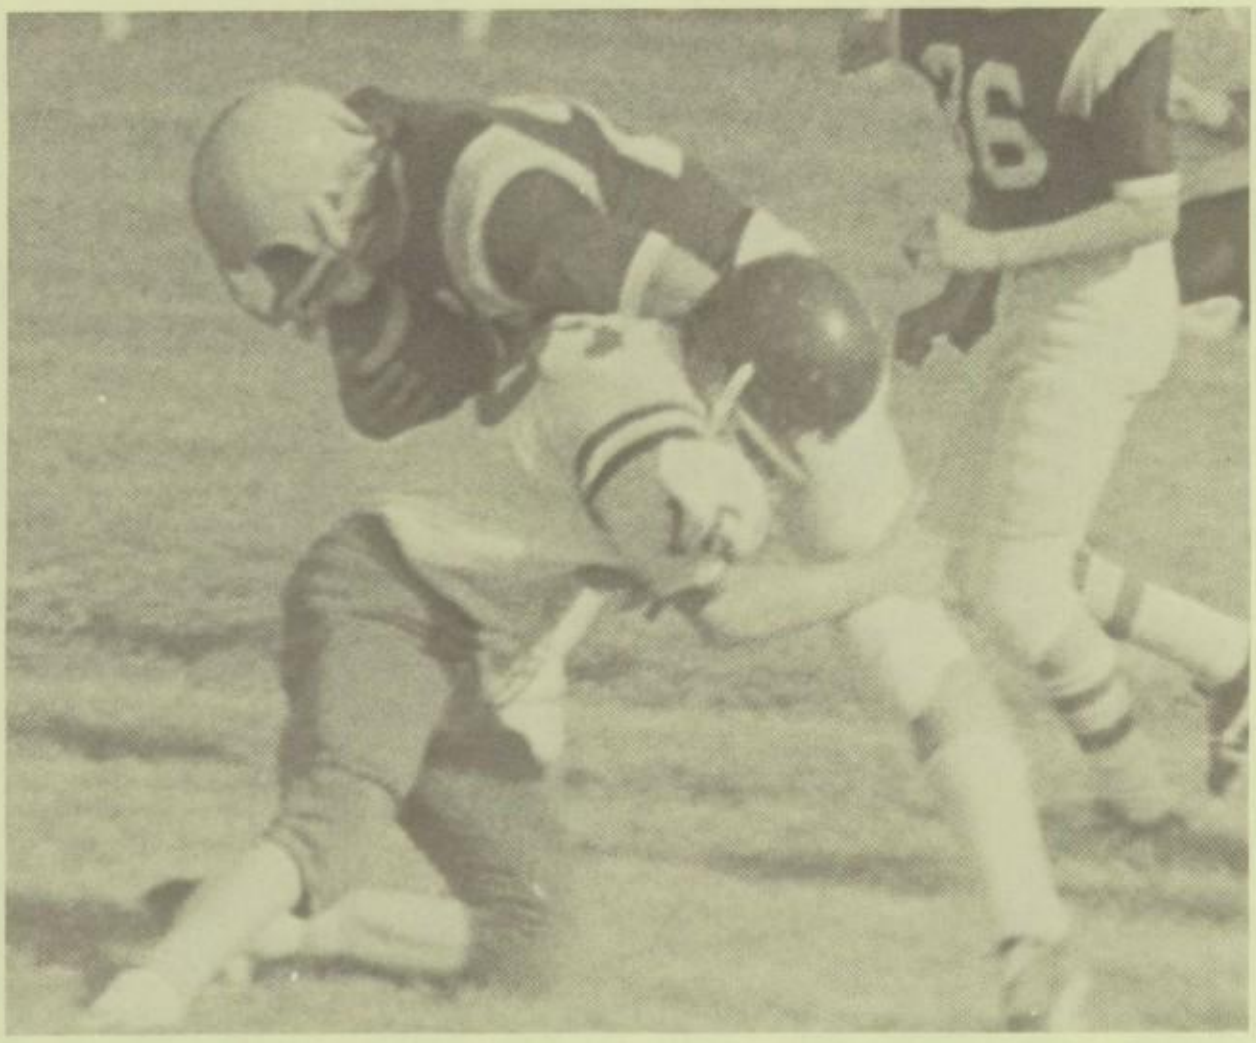
Freshmen Score Perfect 4-0 Season



The freshmen football players started their high school career off on the right track by completing a perfect 4-0 season. The Trojan yearlings piled up 126 points total offense, including a 66-point effort against Council Grove, while allowing only 24 points to be scored against them.

The freshmen-sophomore squad finished their season with a 3-2 record. Under the coaching guidance of Don Penner and Danny Pratt, the teams completed two very successful seasons.

Varsity Squad Boasts Young Players

The 1975 Trojan squad went into the season with no returning starters. Despite this handicap, the team compiled a 12-9 season record and took second place in the CVL.

Tournament play saw the Trojans beat Peabody for the third time to take fifth in Halstead's Adolph Rupp Tournament. The season ended with a loss in second round regional play.

Robert Prieb was selected as unanimous choice to the all-CVL team and the most valuable player. Steve Reimer earned an honorable mention to the all-CVL squad.

Coach Hanson submitted his resignation before the season began. In his five years at HHS, he compiled an 83-30 record, two trips to the state tournament, and a top spot in the state 2-A rankings.

Individuals Steady Team Performance

Running events anchored the scoring of the '75 track squad. Consistantly strong in these events, the top four point winners were the 100 yard dash, 220 yard dash, 440 yard run, and the 2-mile run.

Clyde Jost, Steve Hein, and Tim Hiebert were the top three point winners during the season. Clyde set a team record by earning 25 gold medals, five silver, and two bronze.

The Mile Relay team (Terry Hill, Kevin Klassen, Steve Hein, Clyde Jost), Tim Hiebert (2-mile), Clyde Jost (100 yard dash, 220 yard dash, 440 yard run), and Steve Hein (220 yard dash, 440 yard run) went to the regional meet at Meade. Clyde and Steve qualified for the state meet by placing second and third in the 220 yard dash.

Squad Produces First State Entry

The tennis team finished well in all seven tournaments during the season. Their average finish was third. Best team effort was at the Buhler Invitational, where the squad took second. Steve Reimer placed second in singles competition, and the doubles team of Gerald Ollenburger-Emery Wiens took fourth.

At regional competition, Steve Reimer placed third, qualifying him for the state meet in Winfield. The number one doubles team (Ollenburger-Wiens) won their first two matches, reaching the semi-finals before losing.

As with the rest of the spring sports, the young players gained experience for the next year's squad.

The girls volleyball team finished regular season play with a 3-5 record. For the first year since the girls sports program began, they participated in a complete CVL schedule with only one out-of-league game played.

The team avenged an earlier loss to Berean in the first round of the regional tournament. Team members feel this was the season's highlight. "We played as one unit, as a team," Grace Jaworsky, co-captain of the squad, said. In the next game, Halstead defeated the Trojan girls.

Girl Enters State Event

The girls basketball team finished their season with a 4-9 record. A lack of experienced players kept the team from winning more games.

Grace Jaworsky, senior, was the Hillsboro entry in the State free-throw shooting contest. Her win at the Herington Regional automatically qualified her for the State competition.

The B-team squad finished with a 3-6 record.

Girls Squad Sets Seven New Records

The five girls making up the track team established seven new girls track records. Ronda Suderman set new records in the 100 and 220 yard dashes, Rachel Schultz broke the old standard for the softball throw and shot put, Sandy Cook jumped four inches over the existing record, Coleen Elias broke the broad jump record, and the Medley Relay team of Clara Jost, Rachel Schultz, Ronda Suderman, and Grace Jaworsky established the new time.

The girls team competed in nine meets.

One Stroke Bars Team From State

The golf team played in seven tournaments during the year. Inconsistant play kept the team finishing just below the medals in all but one meet.

Both the four man team and the two man team earned medals for placing second and third at the Marion Invitational.

Hillsboro hosted the 1-2A Regional in early May. The four man team missed qualifying for state by a single stroke.

Several underclassmen gained experience during the season to strengthen next year's program.

"Darling" Interests Spectators

Mike Brennan's team disproved the old saying that "nice guys finish last". His team defeated Rex Abraham's in the Intramural championship game. "There might have been better teams around," Mike conceded, but our decent, fair playing earned us the championship."

In an effort to raise money, the **Oracle** sponsored an Intramural contest. The six senior captains competed for this honor. By a popular vote, Gerald Ollenburger was crowned "Darling" with a deflated basketball.

Girls Intramurals were organized this year. Four teams battled throughout the season. No special tournament was held to determine a winner.
